

Steam SO4

SteamSO4—steam only continuous 4.5 bar

Features:

- Continuous fill boiler
- Compact and lightweight
- Powerful 4.5 bar pressure
- Simple and easy to use

Continuous fill

This machine has a continuous fill boiler feature, safer for the operator and less down time in waiting for the boiler to heat up. Longer run time ensures higher productivity.

Compact and lightweight

The smallest and lightest model, making the machine very ergonomic to use and easy to transport and move from location to location. Resulting in maximum use of the machine for many steam applications.

Powerful 4.5 bar pressure

Small but powerful enough for either domestic or commercial environments, designed using the best commercial components to deliver the power to achieve the desired results.

Simple and easy to use

Just fill, plug in, switch on, wait to heat up and you are steam cleaning. With the 4 meter long hose and 10 meter cable you have the ability to reach in those very difficult areas, optimising the use of the many different accessories provided with this machine, achieving excellent results.

Steam SO4

SteamSO4–steam only continuous 4.5 bar
