

ergodisc 400

High-speed single disc machine –
for cost-efficient, high-speed cleaning

Features

• Ergonomics • Safety • Simplicity • Versatility The ergodisc 400 is especially suited for spray cleaning and buffing.

Ergonomics

Better working conditions improve productivity through:

- Anatomically formed grip
- Adjustable handle bar height
- Low vibration level
- Low noise level
- Soft start characteristics

Safety

Creates a safer working environment through:

- Hand protection due to closed handle
- High electrical safety due to double insulation
- Double safety lock

Simplicity

Ease of use results in improved efficiency through ease of:

- Training and operation
- Attachment of accessories, no tools required
- Storage and transportation, enabled by a foldable handle and moveable weight

Versatility

Multi-purpose, cost-efficient machine:

- Adaptable to many different cleaning tasks
- Full range of accessories available

ergodisc 400

High-speed single disc machine –
for cost-efficient, high-speed cleaning

Technical data

Working width	43 cm	Voltages available	230 V / 50 Hz
Speed	400 rpm	Cable length	15 m
Weight	34 kg	Noise level	57 dB(A)
Motor height	38 cm	Protection class	II
Nominal consumption	1100 W	Approvals	CE / CB Test cert. / ÖVE / SEV

The above data is typical of normal production and should not be taken as a specification.

Modell

TASKI ergodisc 400

Accessories

SKU number

High speed driving disc 43 cm	7510 0 3 0
Water tank	8504390
Dispensing unit mechanical	8504370
Suction skirt / splash protection	7515786
Suction unit 230 V	8504380
Double filter paper bags (10-pack) / HEPA filter	8505100/8505180

Additional features

Vacuum unit and suction skirt: The combination of vacuum unit and suction skirt is an ideal solution to prevent dust emission into the air. During spray cleaning, the skirt also acts as a splash protector.

Direct solution distribution: The cleaning solution is distributed through the centre of the pad, using the whole surface of the pad. An electrical spray unit is fitted as standard.

Full pad contact: The floating pad drive gives a constant working pressure and enables the machine to be used on uneven floors. Robustness: TASKI ergodisc 400 machines are part of an innovative range of single disc machines. The use of high-tech materials creates robust, shock absorbing machines with an extended lifetime and low service costs.

All TASKI ergodisc machines come with 2 years warranty
