

procarpet 45

45cm(18in)CarpetCleaning System

Key features

- Reliability and High Performance
- Flexible Application
- Lower Total Cost of Ownership
- Simple and easy to use

Reliability and High Performance

TASKI procarpet45 has been designed with the reliability found on all our floor care machines. TASKI has developed this machine using our expertise in vacuum pick-up and chemical application to design a high performance carpet cleaning with excellent results.

Flexible Application

TASKI procarpet 45 allows users to select the cleaning application that best fits their needs based on turnaround time and soil levels. The machine can be set-up for deep cleaning extraction for heavy soils or restorative type cleaning application and also be set-up for interim cleaning using our specifically formulated encapsulation chemical.

Lower Total Cost of Ownership

The machine allows customers to control all carpet cleaning activities and select the application that best fits their needs. Utilizing interim cleaning will help to extend the time between deep cleaning activities keeping carpets looking better longer without extended dry times.

Simple and Easy to Use

The machine can be changed from deep extraction to interim clean simply by changing the chemicals and flipping a switch. Using the machine in a push or pull motion allowing the end user flexibility in their application. A large variety of accessories allows covering added cleaning tasks.

Technical data							
Theoretical Productivity	495	m2/hr	(5,328	Dimensions (L x W x H)			82 x 56 x 86 cm (32 x 22 x 34 in)
Practical Productivity (Extraction)	ft2/hr)	300	m2/hr	Machine Weight (empty)			55 kg/121 lb
Practical Productivity (Encapsulation)	(3,230	ft2/hr)	445	Sound	Level	Brush	< 70 dB(A)
Working Width	m2/hr (4,790	ft2/hr)	45	Motor	Vacuum	Motor	650W
Solution Tank	cm (17.7 in)	45L/12G		Brush	Speed	Brush	1000W
Recovery Tank	45L/12G	15m (49 ft)		Pressure			1000 rpm
Cord Length	230V/50 Hz			10-17 kg (22 – 37 lb)			
Rated voltage

Additional Features
TASKI® Flexible Handle: Allow users to switch from pull to push using TASKI® ergonomic handle. The user can also engage the floating handle option based on their comfort level.
TASKI® Easy Brush Access: The brush can easily be removed from the side for cleaning and replacement.
TASKI® Parking Lever: The parking lever lifts the brush off the floor when storing the machine to prevent damage to the brush. This also allows users to leave the brush attached while the machine is stored.
TASKI® Carpet care wand and Hose: Can be used for hard to reach areas and quickly connects to the TASKI® procarpet 45.
TASKI® Hand Tool: Can be in combination with the wand and hose to convert the attachment for upholstery cleaning or can be used in combination with the recovery hose.
