

vacumat 22 T

Wet and dry mains-powered tub vacuum cleaner

Key features

- Improved productivity
- Excellent suction performance
- Ergonomic operation
- Robustness and durability

Improved productivity

Medium-to-large sized areas can be cleaned up to three times faster compared with conventional wet / dry vacuuming methods. Used together with a TASKI ergodisc for basic cleaning tasks such as stripping or wet scrubbing leads to significant productivity increases. This results in total cost efficiency and convenience for the operator.

Excellent suction performance

The fixomat squeegee ensures efficient water pick-up and gives streak-free, excellent drying results. For cleaning of spillages, small areas or any other customer-specific need, the machine can be equipped with a variety of accessories for wet and dry cleaning.

Ergonomic operation

The tilt system and comfortable handle grip on the container makes emptying of the container ergonomic and easy. The adjustable handle ensures comfort and safety during operation.

Robustness and durability

A specially-designed mechanical float system with a dual filter guarantees double protection of the motor unit and significantly prolonged service life. The canister, which is resistant to shocks and chemicals, ensures high durability.

Technical data			
Container capacity: wet	22 L 28	Dimensions (LxWxH)	390 x 630 x 440 mm
Container capacity: dry	L 45 L	Cable length Suction	10 m
Container volume	10. 5 kg	hose length Castors	2.2 m
Weight with cable	6	Castor diameter	5
Sound level	4dB(A)	Protection class	50 mm
Nominal consumption	1000 W	Approvals	II
Vacuum	22 kPa		CE/CB Test cert./ÖVE/SEV/CSA
Max airflow	60 L/s		

The above data is typical of normal production and should not be taken as a specification.

Product	SKU Number
TASKI® vacumat 22 T (inc. trolley and fixomat squeegee)	7516862

Accessories / additional parts	SKU Number
Wet vacuuming kit – standard	8504490
Aluminium nozzle with fixed squeegee blade	8500490
Various accessories for dry vacuuming
